- (B) When a Home State restricts, suspends, or revokes an individual's License, the Home State shall notify the Commission of the individual's eligibility to request restoration of the Privilege to Practice on the adverse action order as:

4.2 **Restoration or Recognition of Privilege to Practice.** The restoration of the Privilege to Practice shall only occur when:

- (A) the Home State License is restored, unrestricted, or determined to meet the requirements for recognition under Rule 4.7(B);

- (A) **Manual Verification.** During a period when a Member State is not in compliance with the Coordinated Database integration, A Remote State may, at its sole discretion, manually verify an EMS Clinician's licensure status directly from the Home State. If the Remote State determines that the EMS Clinician is otherwise in compliance with Section 4(A)-(E), the Remote State may recognize the Privilege to Practice of the EMS Clinician while the Home State works to achieve full compliance with the Uniform Data Set submission requirements.

4.4 **Scope of Practice.** An EMS Clinician providing patient care in a Remote State under the Privilege to Practice shall function within the Scope of Practice authorized by the EMS Clinician's Home State unless or until modified by the Remote State Appropriate Authority. The *Professional Code of Conduct* outlines ethical and professional behavior standards expected of all EMS Clinicians operating in Member States under the Privilege to Practice.

(A) Failure to adhere to the *Professional Code of Conduct* shall be referred to both the EMS Clinician's Home State and Remote State for investigation and may be grounds for restriction, suspension, or revocation of the EMS Clinician's Privilege to Practice, as provided by the Rules of the Commission.

(B) The Home State and Remote State shall coordinate on any disciplinary actions related to violations of the *Professional Code of Conduct* that affect the EMS Clinician's Privilege to Practice.

SECTION 9. Not Used

SECTION 10. The Commission.

10.0 (Reserved)

10.1 New Member State. The Commission shall notify all Member States within fifteen (15) calendar days when a new Member State enacts the Compact.

10.2 Process for Review of New State Laws or Amendments to Compacts:

(A) Upon enactment by any State, commonwealth, district, or territory of the United States, of a law intended as that jurisdiction's adoption of the Compact, the Executive Committee shall review the enacted law to determine whether it contains any provisions which materially conflict with the Compact Model Legislation.

(1) To the extent possible and practicable, this determination shall be made by the Executive Committee after the date of enactment but before the effective date of such law. If the timeframe between enactment and effective date is insufficient to allow for this determination to be made by the Executive Committee prior to the law's effective date, the Executive Committee shall make the determination required by this paragraph as soon as practicable after the law's effective date. The fact that such a review may occur subsequent to

Administrative Rules - Interstate Commission for EMS Personnel Practice

the law's effective date shall not impair or prevent the application of the process set forth in this Section 10.2.

- (2) If the Executive Committee determines that the enacted law contains no provision which materially conflicts with the Compact Model Legislation, the State shall be admitted as a party to the Compact and to membership in the Commission pursuant to Section 10 of the Compact Model Legislation upon the effective date of the State's law and thereafter be subject to all rights, privileges, benefits and obligations of the Compact, these Rules and the bylaws.
 - (3) In the event the enacted law contains one or more provisions which the Executive Committee determines materially conflicts with the Compact Model Legislation, the State shall be ineligible for membership in the Commission or to become a party to the Compact, and the State shall be notified in writing within fifteen (15) business days of the Executive Committee's decision.
 - (4) A State deemed ineligible for Compact membership and Commission participation pursuant to this Section 10.2 shall not be entitled to any of the rights, privileges or benefits of a Compact State as set forth in the Compact, these Rules and/or the bylaws. Without limiting the foregoing, a State deemed ineligible for membership and participation shall not be entitled to appoint a Commissioner, to receive non-public data from the Coordinated Database and/or to avail itself of the default and technical assistance provisions of the Compact. EMS Practitioners Licensed in a State deemed ineligible for membership and participation hereunder shall be ineligible for the Privilege to Practice set forth in the Compact and these Rules.
- (B) A State determined to be ineligible for Commission membership and Compact participation pursuant to this Section 10.2 may, within thirty (30) calendar days of the date of the decision, appeal in writing the Executive Committee's decision to the Commission. An appeal received by the Commission shall be deemed filed on the date it is sent to the Commission. If there is an appeal to the Commission, the Commission shall review de novo whether the State's enacted law materially conflicts with the Compact Model Legislation. The provisions of 10.2(A)(4) of these Rules shall apply during the pendency of any such appeal. The decision of the Commission may be appealed within thirty (30) calendar days of the date of its decision to a court of competent jurisdiction subject to the venue provisions of Section 10(A)(2) of the Compact. The appealing State shall bear all costs of the appeal and the Commission shall not bear any costs relating to the appeal.
- (C) Subsequent to the determination that a State's enacted law contains provision(s) which materially conflict(s) with the Compact Model Legislation, the State may enact new legislation to remove the conflict(s). The new legislation shall be reviewed as set forth in this Section 10.2(A) and (B) above.
- (D) In the event a Compact State, subsequent to its enactment of the Compact, enacts amendment(s) to its Compact law, or enacts another law or laws which may in any

Administrative Rules - Interstate Commission for EMS Personnel Practice

way alter or impact any provision or application of the State's enacted Compact law, the Compact State shall so inform the Commission within fifteen (15) business days of the enactment of such amendment(s) or law(s). After being so informed by the Compact State, or learning of such amendment(s) or law(s) from any other source, the Commission shall review the amendment(s) or law(s) to determine if such amendment(s) or law(s) materially conflict with the State's enacted Compact law. In the event the Commission determines such amendment(s) or law(s) materially conflict(s) with the Compact, the Commission shall determine if the amendment(s) or law(s) constitute a condition of default pursuant to Section 13(B) of the Compact and, if so, proceed according to the process established in Section 13 and Commission Rules.

- (E) For the purpose of determining whether a State's law intended as enactment of the Compact, or any provision of any enacted law or amendment, materially conflicts with the Compact Model Legislation or the State's enacted Compact, the Executive Committee and the Commission shall consider the following, among other factors:
- (1) Whether the provision constitutes a material alteration of the rights and obligations of the enacting State or of Member States.
 - (2) Whether the provision enlarges the liability or compromises the immunity of the Commission or any authorized agent of the Commission.
 - (3) Whether the provision modifies venue in proceedings involving the Commission.
 - (4) Whether the provision restricts the privileges or authorizations to practice as set forth in the Compact Model Legislation.
 - (5) Whether the provision would allow the State to negate or delay the applicability of a duly promulgated Commission Rule in the State.
 - (6) Whether the provision would result in the reduction or elimination of fees, levies or assessments payable by the State.
 - (7) Whether the provision fundamentally alters the nature of the agreement entered into by Member States that have adopted the Compact.
 - (8) Whether there is a remedial mechanism, satisfactory to the Executive Committee and/or Commission, whereby the effect of such law or amendment can be mitigated to minimize or eliminate the practical effect of any material conflict.
 - (9) Whether the provision strikes or amends Compact Model Legislation language based upon a provision of the Compact Model Legislation being contrary to the Constitution of that State, and the Executive Committee and/or Commission determines that the remainder of the Compact can be implemented effectively, and without compromising the rights of the Commission and the Member States, without such provision, to the extent the

Administrative Rules - Interstate Commission for EMS Personnel Practice

Executive Committee and/or Commission concur that such provision is unconstitutional in the State.

10.3 New Member State Implementation. New States admitted as a party to the Compact and to membership shall within three (3) calendar months from the enactment date, or as otherwise specified in the enabling legislation, provide the Commission an implementation plan and implementation date.

10.4 Commissioner Appointment.

(A) Member States shall:

- (1) appoint one delegate, also known as a Commissioner, to serve on the Commission, in accordance with Section 10(B)(1) of the Compact Model Legislation; and
- (2) ensure the appointed Commissioner is the responsible official of the State EMS Authority or his designee;
- (3) ensure any Commissioner vacancy is promptly filled within thirty (30) calendar days.
